SECOND BUST THIS YEAR. LOOKS LIKE SOMEONE DECIDED TO BUY UP THE GOLF LINKS HOUSE. YEARS OF BEING ABANDONED LED US TO BELIEVE IT WAS A GO...

Skated the pool for about 20 minutes not knowing there was someone in the house taking pictures of us. We bailed to the car just to find the property owner talking shit with a scowled look of hate .the cops were on their way and he wanted to charge us with break and entry. 2 hours went by of the owner trying to argue with the cops. after everything was said and done, and they let us off with a warning.. It just goes to show how boring it must be to be white and old…

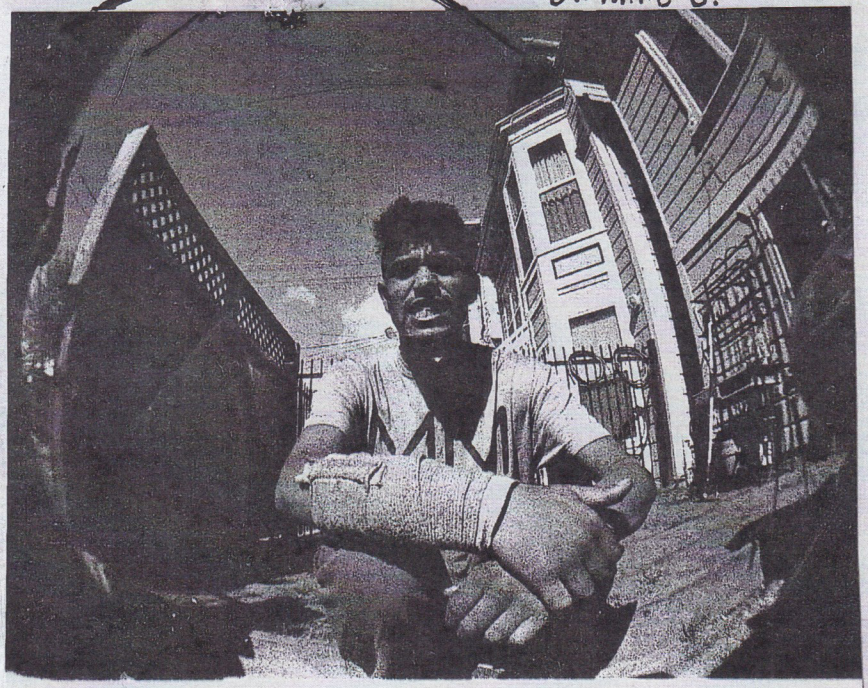
THE SMILEY ~~INTERVIEW~~ INTERVENTION

BY: MIKE G.



Mike: Whats up Smiley?

Smiley: So I heard this is an intervention?

Yea this isn't an interview, its an intervention… So were all here Smiley. Do you know what you've done wrong?

Is this the first question?

Yea.

Everything hahaha I was an obortion hahaha

Then lets get to the deep stuff first.. How did you lose your tooth?

I fucking fell drunk in my room. I slipped on some beer that I spilled and fell right into a dresser, but theres more to the story. It was wiggly and shit for like three months, and one day I bit into sandwich and it almost fell out, but I pushed it back in. The next day I woke up and the tooth was gone and I thought I swallowed it. I was freaking out. And halfway through work I took off my shoe because I thought there was a rock in my shoe and my tooth fell out of my fucking shoe hahaha. so yea thats my tooth story, but the other tooth I lost was because I fucked (Unnamed's) ex-girlfriend and he punched me in the face. hahaha.

So do you have a thing for fucking your friends ex-girlfriends?

That was just a one time time thing.

Was he really your friend?

Well not really. haha. He worked with me, I lived with him, but you know, that dude kinda sucked.

Was it good?

Oh yea it was really good hahaha. she's a night rider
(bystander: So she likes the sickle cell eh?)

So whats your ethnicity then?

Im haitian irish and german, but don't get the haitian twisted with the asian, although were islanders too, but there a different type of islander.

So is it true your real name is Martin R. Shart-son?

No that's my christian name hahaha.

Didn't you get your first board at a church?

Yea I got it at a garage sale at my grandma's fucking church. I think it was a toy board or some shit. And then I bought a Alien Workshop when I was 13. And then after I broke my femur my parents almost took it away, so I would hide my board at school.

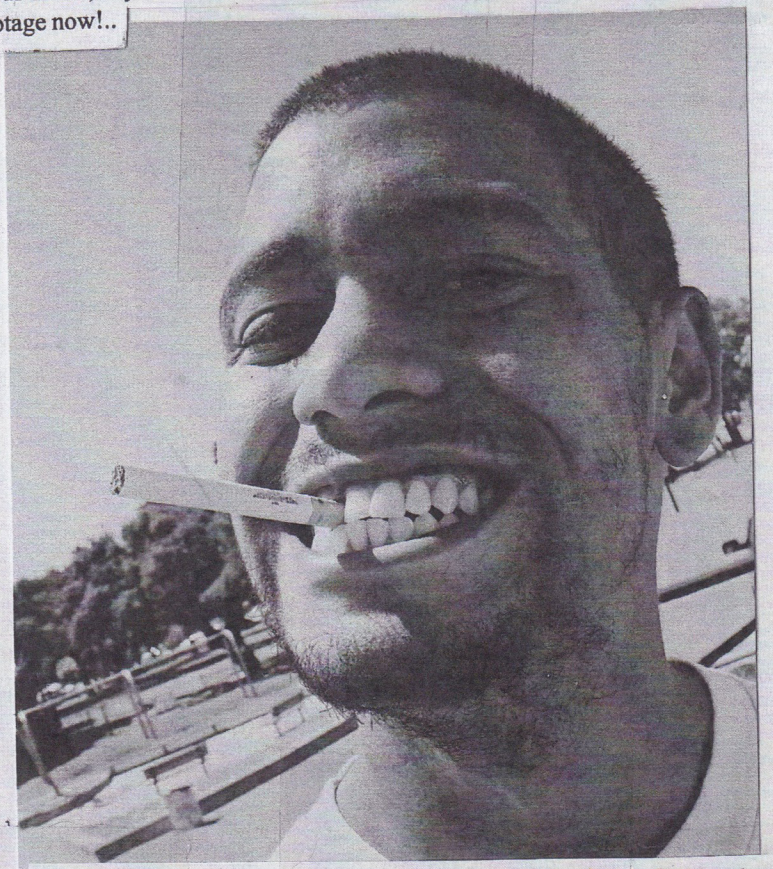
CONTINUED...

Hahaha me too. So how did you break your femur?

I was trying to kickflip some seven stair when I was really young, and I fucked up.I had to use some lady's cell phone to call my mom. She had to drag me out of there. She had hotdogs waiting for me at home.

And you broke your arm recently too

Yea I'm pretty sure its still broken. I was fucking skating the new Emeryville park and I was drunk, My fucking life story every day hahaha. It was on film too.. Roll that footage now!..



So to wrap things up, is there anyone you wanna give a shout out or dis-honorable mention to?

Uhhh i'll give a shout out to the beer brother Juicy James, the Ruthless and Toothless crew, the Jillz/Dipshits, uhh fuck the Jaks! of course little Jake and big Jake. And a big shout-out to Mike's mom hahaha tell her i'll be home tonight! hahahahha.

(This is when Mike throws the recorder into the piss corner and remains silent)

Intervention over.
